

MARKETVIEW[®] HELPS THE FCM DIVISION OF INTL FCSTONE FINANCIAL INC. ANALYZE DATA FOR ITS CUSTOMERS

"MarketView is an intuitive platform that gives our trading desk access to vast amounts of market information and enables us to utilize the tools we need to help our customers make timely decisions."

John Koretoff, Risk Management Associate for the FCM Division of INTL FCStone Financial Inc.

INTL · FCStone[®]

A diversified, global financial services organization, INTL FCStone Inc. provides financial products and advisory and execution services to help their clients access market liquidity, maximize profits and manage risk.

They are a leader in the development of specialized financial services in commodities, securities, global payments, foreign exchange and other markets. They create added value for their clients by providing access to global financial markets using their industry and financial expertise, deep partner and network relationships, insight and guidance, and integrity and transparency.

Their client-first approach differentiates them from large banking institutions, engenders trust, and has enabled them to establish leadership positions in a number of complex fields in financial markets around the world.

The Challenge

The FCM Division of INTL FCStone Financial Inc. needed to continue their integration of versatile data platforms into their market analysis. They found MarketView to be the perfect solution for their information needs.

In Their Own Words

MarketView User

John Koretoff, Risk Management Associate for the FCM Division of INTL FCStone Financial Inc.

Responsibilities

Our risk management consulting services are designed to quantify and monitor commercial entities' exposure to commodity and financial risk.

Why MarketView

MarketView makes sense. Real-time and historical data, seasonal trends, forward curves, news feeds and analysis. The ExcelTools add-in is a useful tool that allows users to tailor data for specific needs.

» Portability

MarketView's portable device applications make it easy to stay tuned into the office when a user is away from his or her desk.

» Affordability

We found MarketView's pricing to be very straightforward.

» User Support

Customer support at GlobalView is exceptional and timely. Their willingness to help provide solutions to both common and complex problems is outstanding and appreciated.

» Customizable Platform

The ability to customize the platform allows each user to tailor his or her experience. The interface is user-friendly and easy to understand.
